

Overview

Call Transcription automatically breaks out call recordings, transcribing them via Deepgram, separating text by speaker. Transcriptions are visible in the portal and/or downloadable in a .csv file.

Note: Call Transcription is available in the **Call History** section of the Simplicity portal and is viewable by **Office Manager**, **Site Manager** and **Call Center Supervisor** roles.

Accessing Call Transcription

Sign into the Simplicity Client Portal using Google Chrome.

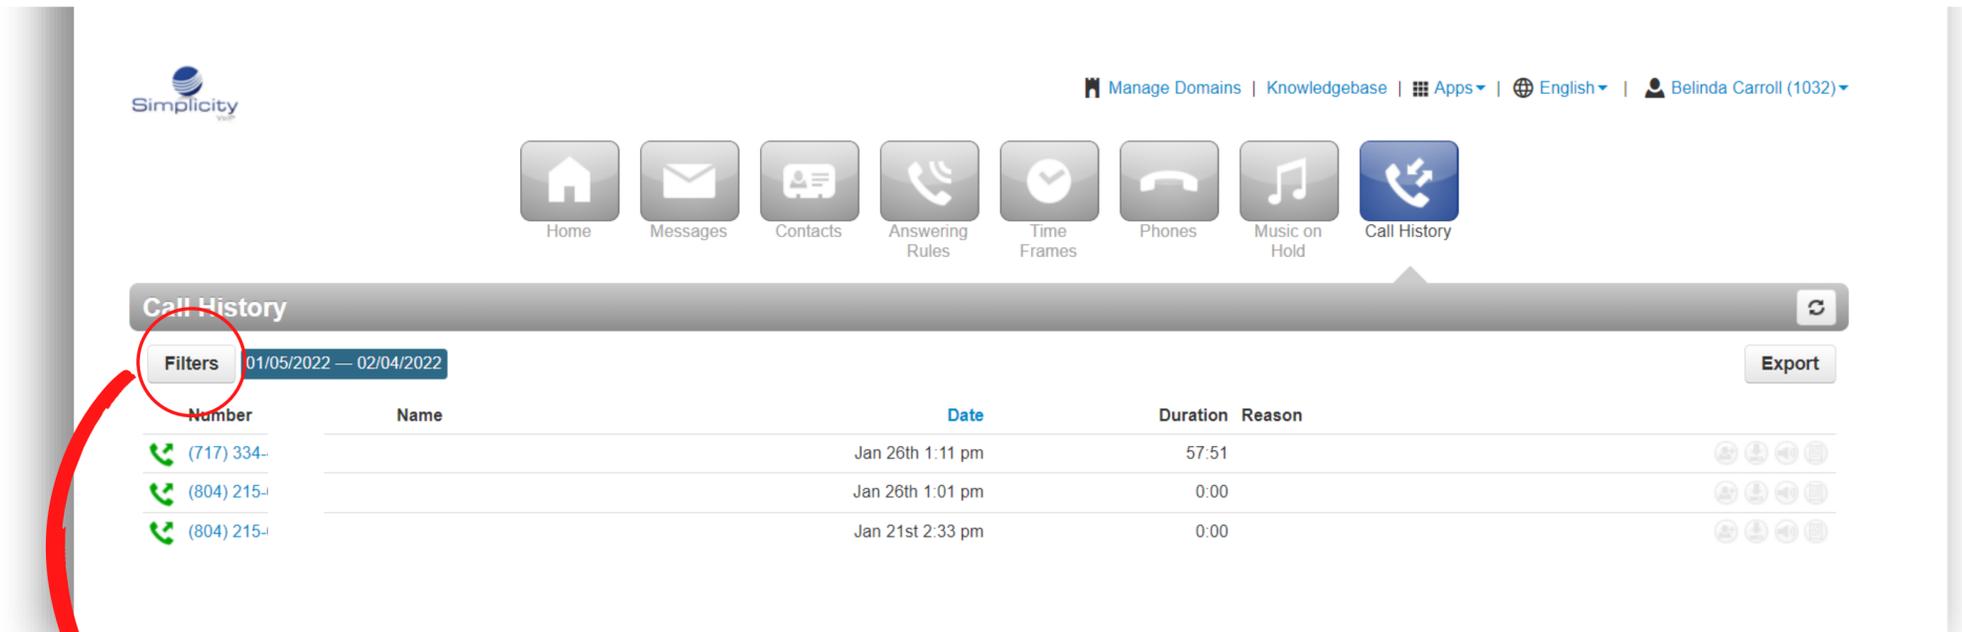

Login to the Client Portal at

<https://mysimplicityvoip.com/portal/>

The screenshot shows the login page for the Simplicity VoIP client portal. At the top is the Simplicity VoIP logo. Below the logo are two input fields: 'Login Name' with the value '717@simplicity' and 'Password' with masked characters. A blue 'Log In' button is positioned below the password field. At the bottom of the form, there are two links: 'Forgot Login Name' and 'Forgot Password'.

To access a call's transcription, first click on the **Call History** tab.

The screenshot shows the Simplicity VoIP dashboard with the 'Call History' tab selected. A red circle highlights the 'Filters' button in the top left of the Call History section, and a red arrow points from it to a separate 'Filters' button located below the screenshot.

Filters

You can **Filter** results by date, user, department, site, caller number, dialed number and call type (inbound, outbound, missed, and extension to extension).

Once a call is selected, you can view a copy of the transcribed call by clicking the **Listen** button,  which will bring up the **Call Transcript** window. From here you may listen to the full recording or the individual call segment by clicking the arrow that comes up when you hover to the right of any segment of the call.

You can also choose to click **Download Transcript** at the bottom of the **Call Transcript** window if you would like to have a .csv file of your call.
